PROFESSIONAL SUMMARY

MCA graduate and aspiring Python Developer currently pursuing Full Stack Python training at Naresh IT, Hyderabad. Completed internships in Python Development and Artificial Intelligence and Machine Learning at CTTC, Bhubaneswar. Familiar with Python, HTML, CSS, MySQL and SQLite, with practical exposure through academic and personal projects. Eager to contribute technical skills, learn new technologies and grow professionally in software development.

TECHNICAL SKILLS

Programming: Python

Web Technologies: HTML, CSS

Databases: MySQL, SQLite

AI / ML: Artificial Intelligence and Machine Learning fundamentals; face detection and recognition

Tools: Visual Studio Code (VS Code), MS Word, MS Excel, MS PowerPoint

Additional Skills: CSV handling, data analysis, analytical thinking, problem-solving, communication, leadership, time management and adaptability

PROFESSIONAL DEVELOPMENT

Full Stack Python Training: Naresh IT, Hyderabad | Currently Pursuing

Topics: Python, HTML and CSS

INTERNSHIP EXPERIENCE

Python Developer Intern: Central Tool Room & Training Centre (CTTC), Bhubaneswar

Experience: Worked on Python-based applications and gained practical experience in programming and database management.

AI/ML Intern: Central Tool Room & Training Centre (CTTC), Bhubaneswar | 01 July 2025 – 30 July 2025

Experience: Gained hands-on exposure to Artificial Intelligence and Machine Learning through practical work and project implementation.

PROJECTS

Face Recognition Attendance System | AI/ML: Academic project: Developed an AI-based attendance system using face recognition technology to detect and recognize faces and record attendance.

Criminal Management System | Python, SQL: Developed a database-driven application to manage criminal records, case details and investigation data. Features include adding, updating, deleting and searching records, SQL database integration and report generation.

Student Management System | Python, SQLite, CSV: Built an application to add, view, search, update and delete student records, calculate grades, import/export CSV data and view class summaries.

Python Weather App | Python, Requests, Open-Meteo API: Created an application to retrieve current weather information and a five-day forecast for different cities.

Personal Portfolio Website | HTML, CSS: Created a responsive portfolio website to present profile information, skills, projects and contact details. Live website: https://santoshpradhan90061.github.io/santosh-portfolio/

EDUCATION

Master of Computer Applications (MCA): Gandhi Institute for Education and Technology (GIET), Khordha | Completed, 2024–2026

B.Sc. Botany (Honours): Sahaspur Degree College, Balichandrapur | 2021–2024

Intermediate of Science (I.Sc.): Bagragiri Higher Secondary School, Kotpur | 2019–2021

Matriculation: Jagulaee High School, Kotpur | 2019

CERTIFICATE & INTERESTS

Certificate: AI Introductory Workshop

Areas of Interest: Artificial Intelligence, Machine Learning and Python programming
